OF EMERGENCY SERVICES

SITUATION SUMMARY

Hurricane Norbert: Impact to Southern California

Situation Overview:

Riverside County

Riverside County has been impacted by Tropical Storm Norbert. Flash flooding and impacts have been experienced by the following communities of Riverside County:

- City of Riverside, City of Palm Springs, Thousand Palms
- The City of Indian Wells is reporting approximately 75 homes with minor storm-related damage.

Road Closures

- U.S. 95 is closed in San Bernardino County from 16.5 miles south to 15.8 miles south of Needles due to flooding.
- Interstate 40 in San Bernardino was closed 31.5 miles west of Needles at Goffs Road due to flooding. The roadway reopened at 0528 hours on 9/09/14.
- State Route 78 is closed in Imperial County from the San Diego/Imperial County Line to the Junction of State Route 86 due to flooding.
- State Route 86 in Imperial, Salton City, was closed to southbound traffic from the north Junction of State Route 78 to Air Park Drive due to flooding. At 0127 hours on 09/09/14, northbound traffic reopened from the north Junction of State Route 78 to Air Park Drive. Southbound traffic is reopened and is reduced to one lane from Air Park Drive to the north of Junction of State Route 78.
- State Route 127 was closed in Inyo and San Bernardino Counties from Baker to Shoshone due to flooding. The roadway reopened at 2338 hours on 9/08/14.
- State Route 62 was closed in San Bernardino (Vidal Junction, Earp) from the Junction of U.S. 95 to Parker Dam Road due to flooding. The roadway reopened at 2121 hours on 09/08/14.
- U.S. 95 was closed from Safari Drive in Needles to the Nevada state line due to flooding. The roadway reopened at 0305 hours on 09/09/14.
- State Route 177 is closed in Riverside from the Junction of I 10 to the Junction of State Route 62 due to flooding.

Schools

- Desert Sands Unified: Adams Elementary School was evacuated due to water in the electrical room; the school was closed due to lack of power; students were evacuated via school buses to the District Office to be re-united with parents. Adams Elementary School will be closed and all classes cancelled for storm-related repairs.

Activations

- Riverside County EOC activated to Level 1 at 1230 hours, 9/08/14, and deactivated at 1700 hours, 9/08/14. Riverside County does not plan to activate 9/9/14 unless the situation changes.
- Cal OES Southern Region EOC activated to Level 2 at 1300 hours, 9/08/14, and reduced to Level 1 activation status, normal operations, at 1700 hours, 9/08/14.

SITUATION SUMMARY

Hurricane Norbert: Impact to Southern California (Continued)

Cal OES Actions

- County Warning Points continue to be briefed by the California State Warning Center as severe weather products issued by NWS Weather Forecast Offices evolve.

There are no unmet needs or requests for State assistance at this time.

Weather Briefing/Forecast; as of 1000 hours, 09/08/14

The remnants of what was Hurricane Norbert continue to meander slowly northward off the coast of Baja California. The now post-tropical cyclone is currently forecast to approach the Baja coast late Tuesday (9/9) and Wednesday (9/10). Meanwhile, extensive tropical moisture is in place across the desert southwest with widespread showers and slow-moving thunderstorms (some with very heavy and prolonged rainfall) over AZ, mainly southern NV and southern CA. These showers and thunderstorms may very well continue off and on through at least Wednesday. Flash flood watches and/or warnings are in effect for much of this region. In addition to heavy precipitation at times over the desert southwest, coastal areas are concerned about elevated surf, strong rip currents and possible minor tidal flooding during high tides.

Expected Impacts:

• Coastal Impacts:

- Waves and surf 3-6 feet with local sets 8 feet along south facing beaches from Ventura County southward to and including San Diego County.
- Rip currents: Extensive rip currents along with the waves and surf will make for dangerous swimming and surfing conditions.
- Flooding: Local minor flooding of low-lying areas possible during high tides

Precipitation Amounts:

- Precipitation amounts will be highly variable across the region. Higher terrain over southern CA and the southeast CA deserts may see as much as 1-3" through Wednesday (9/10) with much lesser amounts reaching coastal areas as far west as Ventura, CA.

ACTIVE WEATHER WARNINGS, WATCHES and ADVISORIES:

- http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

SITUATION SUMMARY

Governor Brown Requests Presidential Major Disaster Declaration, Offers Additional South Napa Earthquake Recovery Assistance

Moving to help communities recover from the South Napa Earthquake, Governor Edmund G. Brown Jr. today requested a Presidential Major Disaster Declaration for the state and issued an Executive Order to help cut red tape and provide additional financial assistance.

A Presidential Major Disaster Declaration triggers the release of Federal funds to help communities recover and the Executive Order provides additional financial assistance to local agencies and non-profit organizations and ensures residents can replace important documents and access key services without shouldering additional costs or other burdens.

The full text of the letter and Executive Order is [HERE](#)

Magnitude 6.0 Earthquake, American Canyon, Napa County

SITUATION:

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA. The earthquake nucleated at a depth of 10.8km. The shaking intensity in American Canyon and Napa from the “South Napa Earthquake” was a “VII” on the Modified Mercalli Scale, suggesting very strong shaking occurred in the Napa County area. Ground shaking was felt as far south as Salinas, east to Sacramento, and north to Ukiah. The Cal OES Earthquake and Tsunami Duty Officer is in contact with the United States Geological Survey and California Geological Survey and will provide updates.

Access and Functional Needs

- Solano County established a casework hotline at (707-438-7059) from 1000 – 1700 hours.
- Napa County established a casework hotline at (707-257-2900) from 1000 – 1700 hours.

Evacuations/Shelters

- American Red Cross shelter: Crosswalk Community Church, located at 2590 First Street, Napa, CA: Population: 0; closed 09/08/14.
- Pets can be sheltered at the Napa County Animal Shelter on Hartle Court, Napa, CA.
- American Red Cross shelter: Florence Douglas Senior Center, located at 333 Amador Street, Vallejo, CA: Population: 0; closed 09/06/14.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.

Health and Medical

- St. Helena Hospital turbidity of sources was investigated and found to be minimal. The main turbidity problems are associated with their storage tanks. Contacts have been provided to the water system for tank cleaners. Additional bacteriological samples were collected by staff. There are no notices in place at this time; however, the situation continues to be monitored.
- Per the Department of Social Services, the following CCL Adult and Senior Care Facilities are impacted:
 - Nazareth Rose Garden of Napa, 903 Saratoga Drive, Napa. Closed due to water damage, 38 residents moved.
 - Napa Valley Support Services - Brown Street, 2225 Brown Street, Ste. 102, Napa. The facility closed with ceiling damage.
 - Napa Valley Support Services – Napa, 622 Imperial Way, Napa. The facility closed with ceiling damage.

The following hospitals/clinics are closed:

- Community Health Clinic (aka: Clinic Ole), 1100 Trancas Street, Napa: Will be closed for two to four weeks due to water damage. All patients with existing appointments have been given appointments at affiliate clinics.

Health and Medical Cont.

- CDPH Women, Infants and Children (WIC) reported (1) center in Solano is closed and will reopen on 9/8/14. As of September 4, 2014, all four affected WIC sites in Napa County have returned to normal operating status.
- Department of State Hospitals: Staff relocations to safe structures continue. Structural engineers continue to evaluate identified yellow and red tag structures. Aside from diligent monitoring, hospital life/safety/health issues and patient treatment areas are back to standard operations.
- Napa County Public Health (NCPH) will be submitting a formal request to the Napa MHOAC regarding a request for assistance from the DEODC Emergency Preparedness Team. NCPH is requesting a community assessment of emergency preparedness, mental health issues, chronic disease exacerbation, and injuries following the earthquake. The assessment is planned for the week of 9/15/14.
- CDPH Division of Environmental and Occupational Disease Control (DEODC) Emergency Preparedness (EP) will be assisting Napa County Public Health with an assessment planned for the week of 9/15/14 regarding epidemiological assessment of injuries, chronic disease exacerbation, mental health needs, and personal preparedness related to the earthquake.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.

Power and Utilities

Per CUEA:

- All communications functioning in normal range, AT&T has a COLT (cell on light truck) and mobile charging trailer on site in downtown Napa.
- PG&E strike teams deployed to provide welfare checks to the community for isolated power outages for Napa and damaged areas.

Water (as of 09/05/14)

- Meyers Water Company (community, 97 connections) (and neighbor Milton Road & Water Company, community with 24 connections) – They are eligible for emergency funding to install 28,000 gallons of storage and a generator. The Company has reached out to its neighbor (recent WQ impacts to their source were detected that related to the earthquake) to consider long-term options. The two companies are engaged in discussing a possible consolidation, which would ultimately lead to increased source and storage reliability for both water systems. SWRCB is supporting any effort to consider these long-term options (likely CA SRF funds) while being clear on the short-term (P84 Emergency Funding) options.
- City of Napa (Browns Valley Pressure Zone, 1,800 connections) – The City has worked with customers to minimize peak demands and has a contingency plan (labor intensive) if the pump fails. To address these immediate needs, SWRCB is working on an emergency grant to provide the following: (1) 2 x variable frequency drive pumps, (2) emergency generator, and (3) a temporary cover on a structurally compromised tank. There are pressure recorders at two locations in the distribution system to monitor Browns Valley – these may be utilized in the near future to monitor any repairs made in the vicinity of sewer main breaks. To date, 140 bacteriological samples were collected following the event and no E. coli was detected in the distribution system.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.

Deployments

- None

Activations

On September 5, at 1700 hrs. the Cal OES Coastal Region Emergency Operations Center (REOC) deactivated. The Coastal Region Duty Officer and assigned field staff, in coordination with Cal OES' Recovery Division and interested stakeholders, will continue to monitor activity, conduct follow-up on related impacts and associated costs, actions taken, and facilitate additional state assistance as needed.

- State Operations Center – Level 1 Activation
- Coastal Region Emergency Operations Center (REOC) – Deactivated 09/05/14
- Napa County EOC - Napa Recovery Operations Center (ROC) – Activated Mon thru Fri from 0800-1700 hrs. until further notice.

Proclamations:

- The Governor issued an Executive Order authorizing CDAA and requested a Presidential Disaster Declaration, 09/02/14.
- The County of Napa declared a Local Emergency, 08/24/14.
- The City of Napa Proclaimed a Local Emergency, 08/24/14.
- The County of Solano declared a Local Emergency, 08/24/14.
- The City of Vallejo (located in Solano County) declared a Local Emergency, 08/24/14; Update received 8/29/14.
- The County of Sonoma declared a Local Emergency, 08/30/14.
- The City of American Canyon (located in Napa County) declared a Local Emergency, 08/26/14.

Mission Status: (as of 09/05/14)

- 3 Coordinating
- 0 Action Required
- 0 On Scene
- 22 Closed

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.

Recovery

- Cal OES Recovery Individual Assistance (IA) continues to support the REOC and respond to inquiries from individuals affected by the earthquake. All IA and Public Assistance (PA) joint federal/state/local preliminary damage assessments (PDA) concluded and a request for Presidential Disaster Declaration was forwarded by the Governor on 09/02/14. However, based on a request for additional IA information, three IA PDA teams returned to NAPA on September 8 to continue damage assessments until further notice.
- The City of Napa website has information regarding earthquake recovery resources.
- A Public Assistance Applicants' Briefing to discuss the types of assistance available and the programmatic guidelines was postponed until a determination is made by the President on the major disaster declaration request. PA staff will work closely with the Operational Areas and Coastal Region for a date and location at that time.
- On 09/04/14, IA participated in a Long Term Recovery Committee (LTRC) meeting with key organizations interested in recovery efforts. A follow-up meeting was held 09/05/14, the Napa LTRC is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement.

Local Assistance Center

- American Red Cross Assistance Center: Napa Marriott Hotel opened on 09/01/14 from 1000 to 1900 hours for Napa and Solano County; center will be open for two weeks.

SITUATION SUMMARY

Governor Brown Declares State of Emergency for Northern California Wildfires

On 08/02/14, Governor Brown issued an emergency proclamation for the state of California due to the effects of wildfires in El Dorado, Amador, Butte, Humboldt, Lassen, Madera, Mariposa, Mendocino, Modoc, Shasta, and Siskiyou counties that have burned thousands of acres, destroyed homes and other structures and damaged critical infrastructure.

Cal OES Activations Due to Wildfires

- The Inland REOC is activated at Level 1

NORTHERN CALIFORNIA FIRES

Happy Camp Complex, Vegetation Fire, Siskiyou County

Happy Camp District, Klamath National Forest

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [09/09/14 at 0544 hours](#):

FRA

- [103,814](#) acres, 30% contained
- Type 1 Team in command
- Expected Containment: 09/20/14
- Threatened Structures: 695 Single Residences, 28 Nonresidential Commercial Properties, 20 Other Minor Structures
- Per CUEA, no threat to communication infrastructure or power lines
- Growth potential is high and a long term fire event is expected, mandatory evacuations and advisories have been established.
- [See Fire Activity Section for detailed information.](#)

July Complex, Siskiyou County

4 miles southeast of Sawyers Bar

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [09/09/14 at 0557 hours](#):

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

ACTIVE WEATHER WARNINGS, WATCHES and ADVISORIES:

- http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper trough sweeping across the Pacific Northwest today will give way to a building ridge over the coastal waters this afternoon. This pattern will be the beginning of a warming and drying trend for the interior of northwest California. Offshore flow developing over the next couple of nights should keep low clouds and fog away from the coast allowing for generally fair weather.

San Francisco Weather:

High pressure building along the west coast will result in a warming trend through the latter half of the workweek. Dry weather conditions will also persist through the weekend.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

A dry upper trough exits the region to the east today and will be followed by ridging moving over the forecast area for the remainder of the week with dry and warm weather.

Hanford Weather:

Dry weather will return today and continue through the end of the week with temperatures near to slightly above normal.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA

Los Angeles Weather:

The shower threat will come to an end this evening as a trough of low pressure approaching from the northwest pushes the remnant moisture from former Tropical Depression Norbert to the east. A building ridge of high pressure will bring a warming trend into the weekend when triple digit heat will be possible for the hottest valley and desert locations.

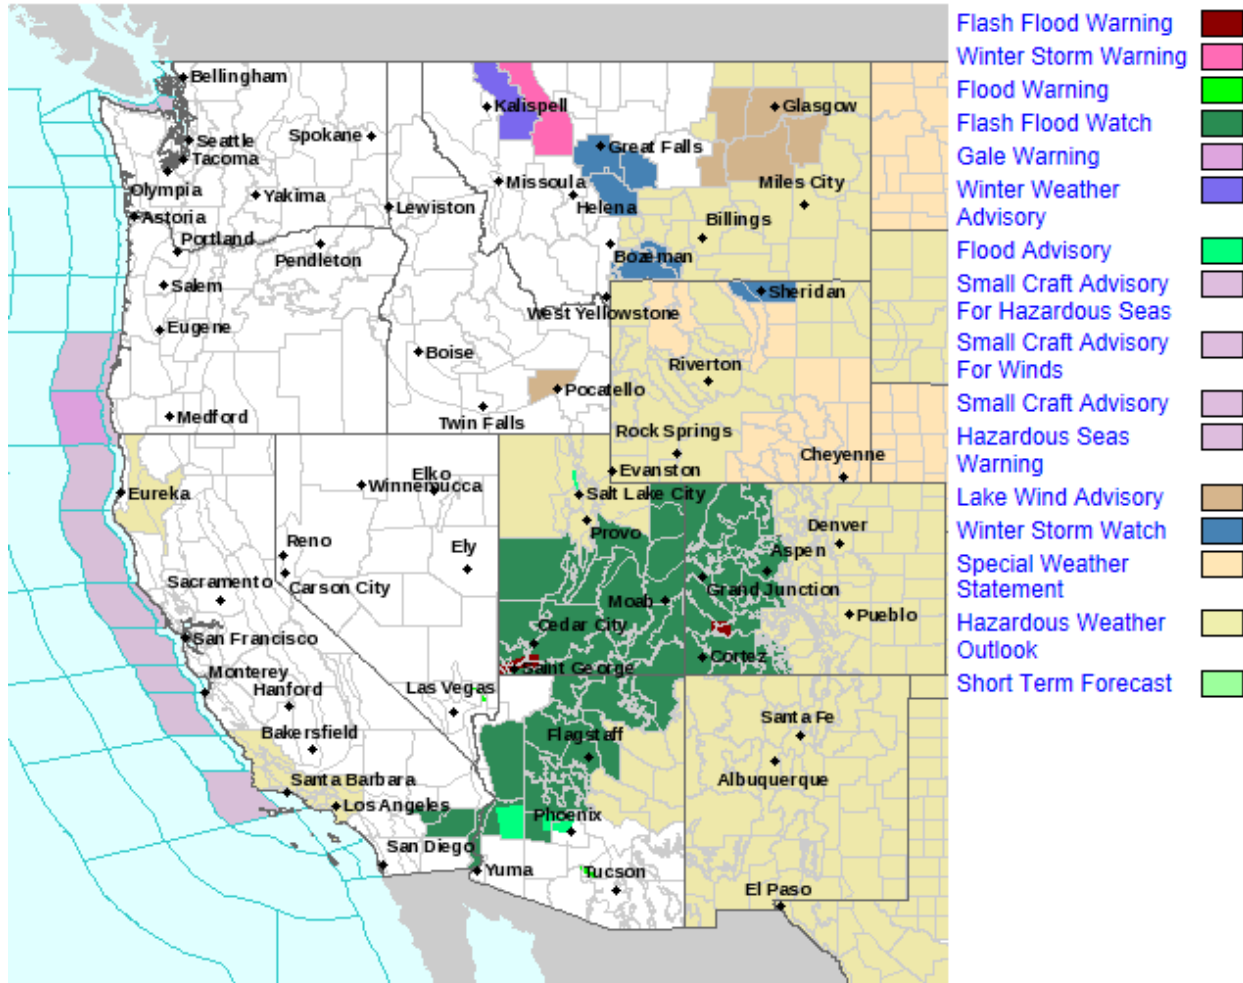

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Lingering moisture will bring a chance of afternoon thunderstorms today, mainly to the San Diego County Mountains and Deserts. Dry weather with seasonal temperatures is expected for Wednesday and Thursday. For Friday through Monday, high pressure to the east will expand westward bringing high temperatures with warming to 5 to 10 degrees above average west of the mountains. Monsoonal moisture may return with a renewed chance of afternoon and evening thunderstorms for Sunday and Monday.

Southeast California Weather:

High temperatures will again stay well below seasonal normal and locally heavy rain is possible. A gradual drying and warming trend will begin starting Wednesday and continue into the weekend as high pressure slowly rebuilds over the region.

Emergency Management:

Evacuations

- Approximately 100 hikers and backpackers were evacuated from the fire area in Little Yosemite Valley.

Closed Trails

- Echo Creek Drainage to Little Yosemite Valley
- Sunrise Creek Drainage to Little Yosemite Valley (John Muir Trail)
- Merced River Corridor to Merced Lake Ranger Station
- Nevada Fall east through Little Yosemite Valley along the Merced River corridor.
- Sunrise trail to Clouds Rest from Tenaya Lake

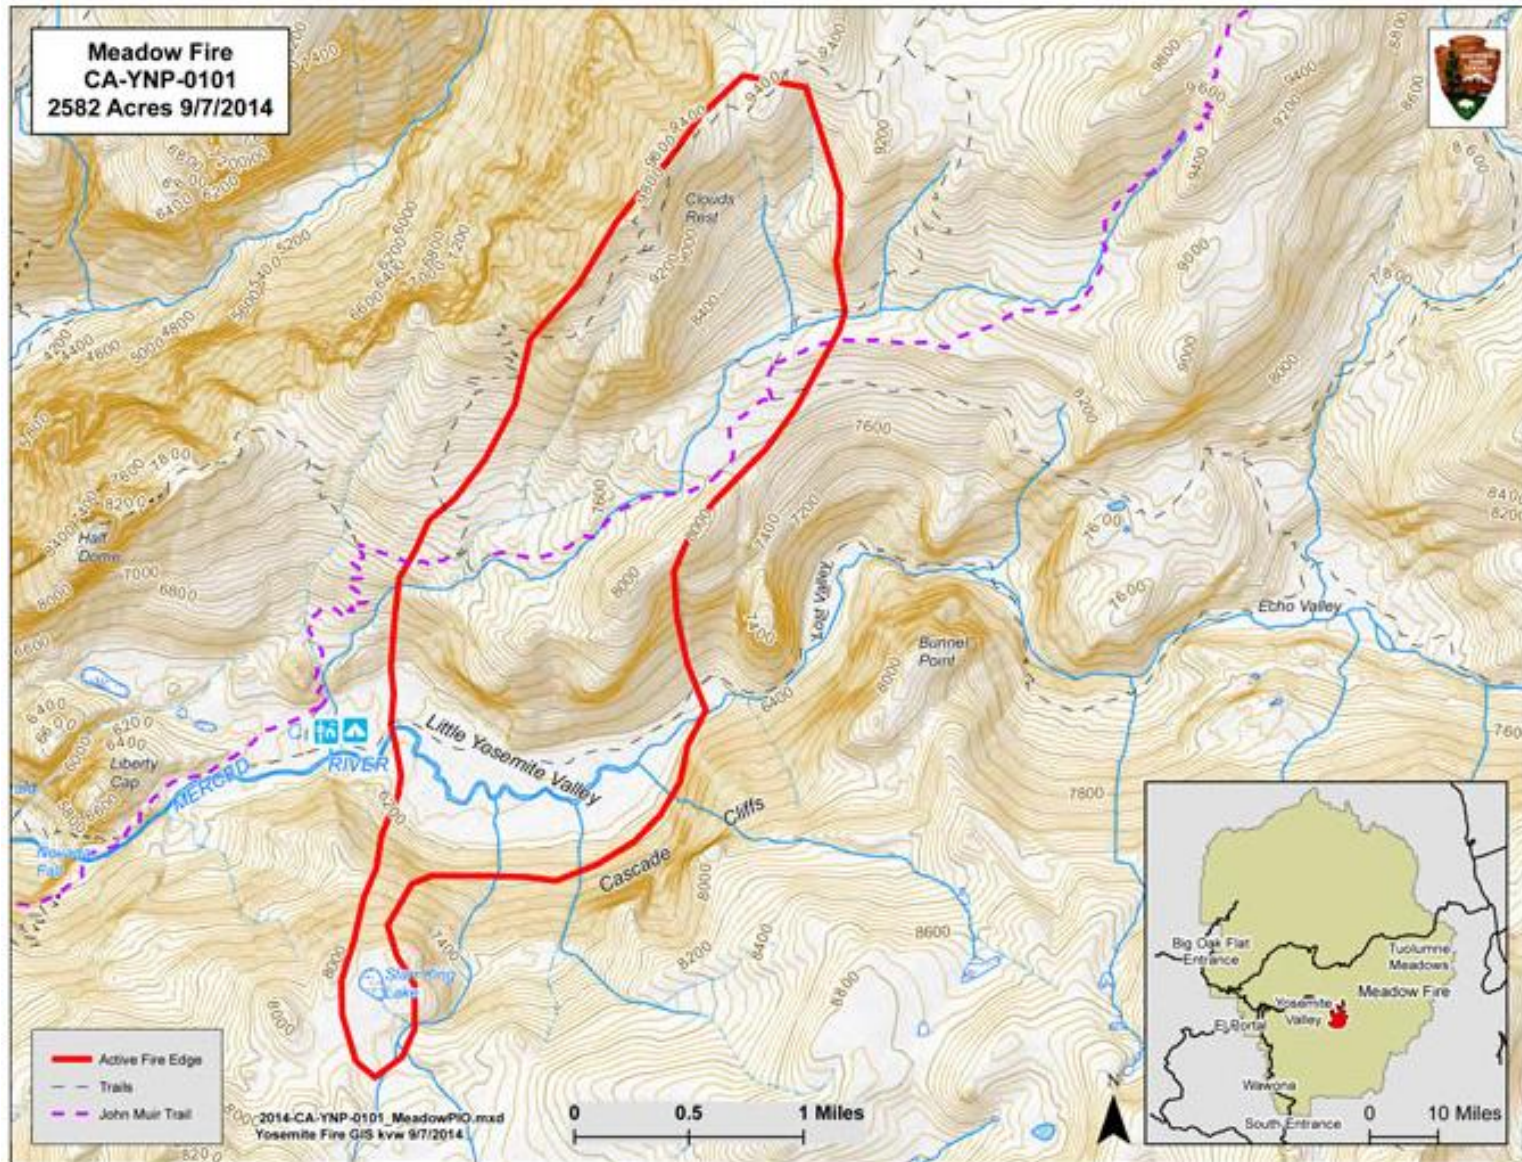

Request for Assistance:

- The California State Warning Center received a request from Yosemite National Park for helicopter support to evacuate 80 people stranded on Half Dome as a result of the fire. The Cal OES Fire Duty Officer and Law Enforcement Duty Officers were briefed. The Cal OES Law Enforcement Duty Officer coordinated with Yosemite National Park and the California National Guard. Yosemite National Park initially reported that they would utilize the Air Force Rescue Coordination Center (AFRCC) to locate resources. In addition, the California National Guard worked to determine potential resources to assist Yosemite National Park, should their assistance become necessary. Per the Cal OES Law Enforcement Duty Officer, AFRCC could not provide the resources requested by Yosemite National Park. Yosemite National Park used National Park Service fire helicopters to evacuate 2-3 individuals at a time. Per Yosemite National Park, there were no imminent life safety concerns due to the fire. The Half Dome trail ingress/egress route is impacted by the incident and was the reason air evacuation was necessary.

Cal OES Duty Officers continue to monitor.

There are currently no requests for assistance or unmet needs.
